PROFESSIONAL SUMMARY

A fourth year B.Tech in Information Technology student with hands-on experience in AI/ML, Data Structures, and Algorithms. Eager to explore opportunities in Software Development, Machine Learning, Finance, Management, and Consulting.

PROFESSIONAL EXPERIENCE

AI Intern – Soften Technologies June 2026

- Learned and implemented Retrieval-Augmented Generation (RAG) concepts.
- Built a RAG-based chatbot for AI/ML research paper analysis.
- Developed document ingestion, embedding, retrieval, and response generation pipelines.
- Worked with Python, LangChain, Gemini API, ChromaDB, and Flask.

EDUCATION

BTech in Information Technology Aug 2023 – May 2027

School of Engineering, Cochin University of Science and Technology (CUSAT), Kochi, Kerala

- Major in Information Technology | Currently in 4th Year | CGPA: 7.8

Class 12 (HSE) – St. Mary's Higher Secondary School, Bharananganam, Kerala 2021 – 2022

Percentage: 95%

Class 10 (SSLC) – Little Flower High School, Chemmamattom 2019 – 2020

Percentage: 93%

PROJECTS

Machine Learning-Based Phishing Website Detection GitHub Repository

- Developed a phishing website detection system using React (frontend) and Flask (backend).
- Built an XGBoost model to detect phishing websites from URL (Achieved 0.97 recall score).
- Tech Stack: Python, React, Flask, XGBoost, Scikit-learn, Pandas, NumPy.

RAG-Based GitHub Repository Analysis Chatbot GitHub Repository

- Developed a RAG-based chatbot to analyze GitHub repositories using semantic search.
- Enabled users to ask questions about the repository and receive context-aware answers.
- Tech Stack: Python, React, Flask, LangChain, Gemini API, ChromaDB.

TECHNICAL SKILLS

- Programming Languages:** C, C++, Python
- Databases:** SQL
- AI / ML & Libraries:** NumPy, Pandas, Matplotlib, Scikit-learn, Streamlit
- Relevant Coursework:** Data Structures and Algorithms, DBMS, OOP, Computer Networks
- Developer Tools:** VS Code, Docker, GitHub, Google Colab

SOFT SKILLS

- Communication | Networking | Adaptability | Strong Analytical Mindset
